3. Delivery / Collection Logistics

Meals are delivered between 9-1 daily. Specific times can't be booked and unfortunately we can't guarantee exact times as this depends on drivers schedule and whether prior customers delay.

Delivery details may not always be able to be changed midweek. Be sure of address and availability when placing order.

The driver will attempt delivery for up to 10 mins thereafter he will return the meals to the shop and another delivery will have to be arranged and charged.

Collection is any time after 9.30am.

Delivery is subject to a minimum of 2 meals per drop.

4. Booking process

We encourage use of the booking form

<https://forms.gle/pEjzrRw24bTx8cE16>

Also available on www.nouriti.net or on request via whatsapp on 083-610-1916.

The link can be saved on your device and used each week as we close prior week's diary and open the next week's on the same link.

It's simple and explains a lot of your queries as you enter your details.

Spaces are limited so bookings each week are on a first come first serve basis.

Please ensure booking for the week is still open by clicking on the booking link and checking the date of the booking.

5. Payments to

Standard Bank 012675083

Zapper (Link and QR Code on www.nouriti.net)

Payments are due by the Monday of the Meal Plan. Bookings will be accepted without proof of payment, bookings made will be payable if not cancelled timeously.

6. Booking Changes

We understand life is unpredictable, however, changes to meal plan numbers, delivery arrangements, special dietary requirements and cancellations may not be possible and or may incur charges or forfeiture of meals.

Please ensure all requirements are communicated on booking as midweek changes cannot be guaranteed and we'd hate to disappoint.

7. Vegetarian / Plantbased Meals

This "meal plan" is a product that works in a different way to our original meal plans.

You order by Saturday night, the set menu is prepared and ready by 10am every Tuesday for collection or Delivery. The meals have a 5 day shelf life and therefore collected/delivered all together once.

As the product offering is completely different to our original fresh daily meal plans, meals are not interchangeable.
